*THE HUMANITY SAVERS*

The phrase “do your own thing, as long as it doesn’t hurt anyone” did not disappear after the sixties. It took up residence and prospered in the “new culture”.

And, the harm and misery that was heaped on others along the way-----is beyond measure!

*JAMES CHRISTOPHER HALL*

Liberalism is a lot like professional wrestling, in that many of us suspect it is fakery, but are reluctant to say so because so many seem to be relishing in the “performance”.

*JAMES CHRISTOPHER HALL*

A true test of liberalism might be whether or not it could survive for a few days along the Afghan/Pakistani border.

End the uncertainty-----parachute some “representatives” in!

*THE HUMANITY SAVERS*

Liberal “morality” is almost totally in the abstract, but not entirely. On one hand, it is amenable to many different interpretations, while on the other hand, is perfectly clear on the denial of the right to be born.

This form of “clarity” exposes some of the most unloving amongst us, and is our national shame!

*JAMES CHRISTOPHER HALL*

It might be an interesting (and most revealing) exercise in amateur psychology (perfectly allowable) to ask why the word “behavior” causes so many liberals to recoil.

Follow its path back, along with that of its cousins- “fairness”, “competition”, and (worst of all) “punishment”.

And why do they love the word “justice”?

A picture painted?

*THE HUMANITY SAVERS*

Liberal child-thought displays an aversion to the use of power, but not altogether. While on one hand they resent the usage of what symbolizes (to them) “daddy power” (power associated with authority figures, corporations, the rich, persons of cloth, and especially the military-----all “friends” of daddy), they nevertheless admire it when used as a political distraction by the “pain feeling” big brother type.

Of course this would all be of lesser consequence in a world uninhabited by savages.

*JAMES CHRISTOPHER HALL*

We can only speculate as to how many daddies of the fifties and sixties generations would ever dream that they would become the psychological whipping posts for the nation-destroying fools of today.

And all because they simply did what they thought was right at the time.

*JAMES CHRISTOPHER HALL*

A modern slave in Sudan just might have a different take on where “hope” and “change” might be more in need of, but let’s not engage in splitting hairs.

*THE HUMANITY SAVERS*

Again, thanks to public education, we now have the luxury of uttering in a fools' vernacular and giving it the appearance of serious thought, simply by the cultivating of and the attaching to it--a Harvard accent!

*JAMES CHRISTOPHER HALL*

We are supposed to believe that when the dreamers of utopia finally arrive at that wonderful world of justice and harmony, they will finally be “happy”.

Who really believes this?

A hodgepodge of thoughts on American cultural liberalism.
