105 CrossOut Puzzles

Easy, Medium, Hard

Vol. 1

Thought Provoking - Challenging Word Game
Comparable to Sudoku's Number Game

About the Author

Doug Cramer is a puzzle enthusiast who developed the ~~CrossOut~~ Word Puzzles from his daily exposure to the popular Sudoku Puzzles. He wanted to create a similar game where words were used instead of numbers and where the solution already existed within the boxes in the puzzles. He hopes that you enjoy the puzzles and the ~~CrossOut~~ Word Puzzle Game will become just as popular. Please contact him at **dougcramer@berk.com** if you have any comments or suggestions.

Directions/Objective

Begin the ~~CrossOut~~ Word Puzzle Game by going through the puzzle and find all boxes containing one word and circle those words. Next, scan across each row, down each column, and within each 8 box color group and cross-out each duplicate word to the already circled word.

Continue doing this throughout the puzzle until all boxes have one unique word circled that is not duplicated within each row, each column, and each 8 box color group.

Once all boxes have one circled word and no duplicate words going across, down, and within the 8 box color grouping, the puzzle is solved.

There is a sample ~~CrossOut~~ Word Puzzle and solution listed on the following 2 pages.
