First Edition

I've compiled the very best advice from experts in each state. Their advice stems from one or more sources: the excellent education they've received, their own personal experiences or the relationship therapy they've provided to clients.

Keep Informed To Stay Strong

Whether you have been married one month or fifty years, there's something in this book for you. By incorporating into your marriage the words of wisdom offered by many different experts from across the nation, you can make your marriage a happy and successful one. The tips shared within these pages can give you valuable insights regardless of where you are right now in your marriage. If you already have a great relationship, the experts' advice can help you keep going strong. If your marriage has seen better days, their advice can help you and your spouse restore those better days.

Making Marriage a Success doubles as a resource directory. Along with the professional experts' marital pearls of wisdom, their websites are included, multiplying the valuable material available to you. On these sites you will find information about their background, areas of expertise, philosophies, and in some cases relevant articles for extra advice and inspiration. If you'd like to utilize the services of a professional face-to-face, check out the section located at the end of the book. There you can look up psychotherapists and other specialist within your own state.

As you prepare to dive into this treasure trove of advice for married couples, allow me to share with you my own advice: You now have pearls of wisdom at your fingertips. Know that these pearls don't have any value unless you have the desire to use them. If you do, your marriage will be a success.
