NOTES ON THE POEMS	109

INTRODUCTION

Through my work in the energetic field, the archangels told me that they wished to express their own poetic energies in our world. Since I am in contact with them on a personal level, I agreed to facilitate their sending their words to paper through me. I feel that their ideas are so beautiful and their insights so unique that they ought to be shared with anyone who cares to know a little of what they are thinking. The angels are there for everyone no matter by what name you may call them and regardless of your own religion. The angels are energies from other dimensions and they do the bidding of the Primal Force that gives rise to life and all creation.

The ten angels featured here are the archangels of the angelic realm and a short description and energy reading of each one will help you get to know them better. I trust that you will turn to these pages often to enjoy their words and insights and know that when you read them the angel author will – for sure – be close by.

I have transcribed their poems from the energy field as best I can and in all instances have kept myself out of these readings. Throughout the book, all my own words are shown in italics, all the energy readings and words from the angels are shown in normal type.

I hope you enjoy the archangels' poems.

It is well to know that all books in “The Mystic Storyteller Series” carry an embedded healing energy and that, when reading the words, the reader on some level will experience the kind of healing for them that is in their own highest and best interest.

Please note, it is not required that you have any religious belief or any affiliation to the Christian religion to enjoy and gain benefit from this book.

GABRIEL

THE ANGEL OF LOVE

When archangel Gabriel appears to me he is always clothed in white and gold. He has golden, curly hair and a beautiful face much like Michelangelo's David. His most striking feature is his eyes which are a light, hazel colour and they are piercing and mesmerizing. His energy is of immense love and compassion.

ENERGY READING

Gabriel is light.

Gabriel has no substance. He is of the ether.

He is the messenger of the Lord.

He speaks only truth.

Gabriel is fun and full of joy.

He has no peer among angels.

He is the head of the council and no one gainsays him.

His heart beats with the fire of love.

Gabriel guards the goodwill of the world. He is its sponsor and all those who work for good in the world are touched by his light.

He is the shining sword of peace and justice, and under his hand people reap the rewards they deserve.

Beware those that sow ill for their repayment will be in kind to the exact measure.

We have some free will. Best use it for good otherwise incur the wrath of Gabriel which is terrible to behold.

Allow not your heart to be swayed by the energy of the dark. No excuse of ignorance will spare you the rod of justice.

Those who live in light have no need to fear. Gabriel protects them as a shepherd protects his flock.

Ask always for help. He cannot but listen and tend to your needs whatever lies within his power.

Blessed are the pure in heart for they shall see God.
Blessed are they that are protected by Gabriel for they
shall come to no harm.
Blessed are they that are touched by his light for they are
purified and forgiven.
Blessed is the world for the protection of Gabriel!

Gabriel is Gabriel, divine and translucent. Effulgent
in glory and light, how beats his heart with the
drumbeat of existence. How beats his essence with
the pulse of the Word of God.

HEAVEN'S GATE

Song of Solomon
Sweet and clear
Rest the souls of those who journey here.
Give them peace
And give them bliss
Let no cut nor bruise
Go amiss.

Tend to them, who
With weary feet
Have trodden bare
The winding street
Of life that leads us
Far and wide
Bereft of shelter
No place to hide.

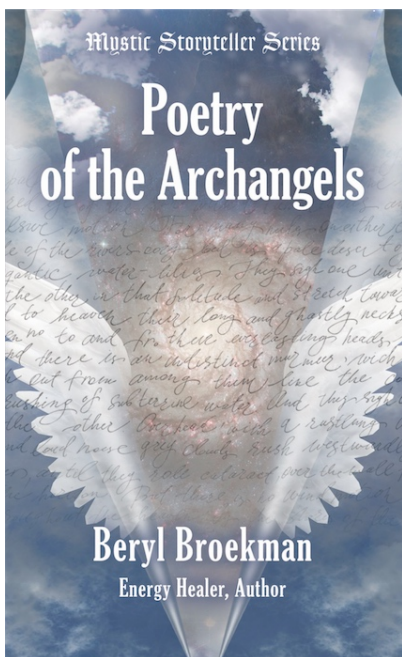

Take their hand
And comfort them,
And wash the grime
From every hem
Of every robe and every skirt
And rinse them clean
Each speck of dirt.

Let them rest here awhile
Until the time comes
When, in single file
They must once more
Rouse their hearts,
Gather their courage to tread the path
That once so long ago they took
Down to earth
And the Lord forsook.

Now upward, upward, refreshed anew,
When sunlight sparkles the morning dew,
Let them not linger nor tarry more,
Rather set them onwards with their Father's call
Ringing in their ears
The timeless refrain:

“When will I see
My sons again.
Come now to me
I have waited so long,
I can no longer bear
For you to be gone.
So come, so come
Seek me here at my home!

Tarry no more and
Do not be late.
I bid you climb,
Climb the ladder
To Heaven's Gate.”
