First Edition

**the art of spiritual psychosis ultimately rests
in the subjective principle of self-realization.**

Samuel James

**blissfully alone,
rolo wears the face of pure being.**

descended into service; practical and complete.

**commissioned on high,
earthbound projected, humanity oriented.**

**triangular, crown residential,
miraculously power issuing.**

revelatory. finger pointing. change provoked.

radar perceptive, balance granting, success capable.

**polished, poised, portal posed.
genuine; and radiant with abundance.**

serenity resides sufficient and absolute.

i begets the eye and all by it is known.

first sun appears in the great space.

brilliance reflects to venture no further.

activity begets activity. no one is the wiser.

the overview justifies the perspective.

sage is privileged into the life of all.

wondrous goes the eye to its destiny.

the universe is the supreme contradiction.

remarkable belongs to just about everything.

consequence prevails without exception.

manage the difficult and easy seems easier.

the early bird is always on time.

the modern dream prevails.

simplicity understands by virtue of simplicity.

absurdity beguiles the mind with multiples.

the restless heart betrays the understanding.

most matters long before it matters to most.

manic runs ambition into the world entranced.

receding deeper still; security awaits within.

forgotten is the way of easy passage.

quiet goes the monk into the woods.

correct measure assures best result.

revel in the moment; share the difference.

lift one finger for good of whole hand.

best to come is the carrot on the stick.

pretense inevitably collides with reality.

selfless is no empty threat.

truth be known; mysterious is mysterious.

imperceptible is that expanse of being.

inquiry receives the higher order.

humility embraces the adoring crowd.

members only invite members only.

remarkably well wears the truth.

now, too high to see, too far away.

no-mind pretends to be what it is not.

greed begets another and another.

fantasy beguiles many and slows the few.

leave it alone and anything is possible.

sunk below the horizon every sun must go.

almost sounds like something unknown.

this that i am shall not be left behind.

thinking mindless is the sage.

peace comes free of baggage and wreck.

never shall there be fulfillment in another.

rough gets rougher when forgotten is the way.

too bright for viewing is an angel's good luck.

relinquish the moment and relinquish reality.

consider the obvious; consider the truth.

to speak in long tongue is tiring for all.

touch beneath the table if you dare.

the zero point is everywhere.

remembrance is nothing more than less.

life weakens who forgets the entrance.

once to the altar secures forever.

canons fire. horses die. no one's to blame.

big dogs bark when necessary.

simplicity soothes the mind.

clash is the way before surrender.

there is no risk where there is no choice.

fate runs the train that runs the track.

endless answers the age-old question.

between here and there, i am continuous.

tall orders come with big potential.

run the race that others will follow.

silence speaks the tongue of the people.

expect too much and nothing excites.

the weakling understands adversity.

admiration admires its own.

the light does not remember.

drunk on truth has no alternative.

the mindless awaits us all.

love understands there is no answer.

reverence is for the vacant and void.

who tends to wonder tends to advance.

fear understands necessity's vigilance.

blown out, such as i am, how do i tell?

take lead to follow and follow thy self.

the master crows the rooster free.

suspended returns soul unquestioned.

lambs marked for glory bleed in vain.

problems arise when solutions are grim.

dogma digs deep to bury the bone.

ridiculous breaks the wave overhead.

mercy bleeds the obvious to forgive.

erase the difference and what is left?

the rust on the nail decides the future.

alone appears to be the absolute.

renunciation presents the final vow.

all-in-all nothing proves durable.

best to be quick to get away.

here and now one can remember.

true balance resides indelibly within.

glory bound are all men advancing.

the final consequence is reality.

missing goes when not attended.

pride beguiles with false identity.

tell a man his future; shy away he will.

the moon hears not the howl of the wolf.

what matters to most is obtainable to few.

the alone is not for everyone.

mind is the river below the bridge.

lost in the world tends to disappoint.

too many rules spoil the education.

sparks fly. life is lived.

rising above is the challenge of life.

sincerity furthers the cause.

exceptions run the race like no other.

expectations consume the man whole.

independence is a hard swallow.

the wreck must be for hero's swim.

nothing ends the dream like awakening.

being next to nothing is not so far off.

big and bold come offerings of redemption.

humility embraces everyone eventually.

sainthood is no excuse for abandonment.

lick the chops too long and bleed your own.

worry is not knowing the nature of things.

matchless proves the master worthy.

universe barnstorming excites the soul.

miracles infiltrate minds of innocence.

silent is the sailor before the great wave.

lightning struck; all else pales before it.

blister and thorn reveal the way home.

rust knows best and pigs don't cry.

what really matters is that it doesn't.

mindless is the key to advancement.

peace is tempting if allowed to persist.

ravished with affection; the darling is known.

bent in submission the catch is fastened.

vast like an ocean is what you are.

man of a thousand words begs to differ.

spirit as such is hard to explain.

the dead zone is singular for all.

being is the opportunity here now.

when in doubt spirit out to consider.

borders breached; there is no return.

all beget after their kind; be kind to all.

a little understanding goes a long way.

not so fast changes this to that.

long and hard is never to take the leap.

run the mule down then do it yourself.

the obvious never proves otherwise.

tricky dicks are always a handful.

to be one-self is no easy matter.

proof of what was is not of what is.

between this and that i cannot stay.

there is no pretense in wisdom.

nobody bothers with the head of the goose.

completion prevails where all else fails.

in doubt the blessing remains questionable.

beauty is the most difficult to uphold.

peace through conflict is no less peace.

great relief awaits us all.

labor for the lord and the charge is his.

restless for activity the soul forgets.

the great space is not for ground lovers.

across the river proves no refuge.

destiny is everyman's fate.

the power of forgiveness cancels the issue.

respect for the moment is the god ingredient.

the free hand is the empty hand.

surrender answers to who calls the shots.

fresh like a daisy proves time restrictive.

if sacrifice it must be, let it be easy.

mistakes happen because mistakes matter.

sit still long enough and all is resolved.

heaven on earth is the way of the sage.
