Come Walk with Me:

Messages from Yeshua

A person with long hair, wearing a red hoodie, is seen from behind, looking out of a circular porthole in a spacecraft. The porthole shows a view of Earth's horizon on the right and a bright, glowing light source in the center of the dark space. The background is filled with stars and nebulae.

Chapter 2: The Moment of Truth

Yeshua: *Greetings Beloved Sisters and Brothers: Two thousand years ago when I spoke of love, peace and the kingdom of heaven, many people didn't understand what I was talking about. They had no concept of love outside their families, no idea of peace since the Romans constantly roamed the countries controlling and warring with the natives, and the kingdom of heaven was someplace far away.*

Today you who hear my messages know what love is, peace is something you long for, and you have a small inkling, if not a firm stance, on the kingdom of heaven.

The chaos in the world today was foretold in many prophecies of the 'end times.' This planet has been in the grip for thousands of years of dark A-I entities who have destroyed whole universes in their quest to topple the Prime Creator. Be assured this is coming to an end, Here on this planet Earth, and Now in this time of history.

You may not feel honored or fortunate to be here at this time, but I assure you this is The Moment of Truth and you are watching a historical moment when We, all of us, take back our Sacred Souls. No matter how difficult, you chose to participate in these end-times on earth, and you are honored by all Universal Light Beings.

You may not feel up to your Purpose, but you are stronger than you think. Right now with the evil ones being removed the time is close for your purpose to be revealed. Many who serve humanity already know their purpose. We thank them for their service to God/Goddess.

Those who practice greed and mind control have been offered their chance to turn to the light. Many will not. They are too comfy in their wealth with their minions serving them in fear. If they choose to serve the Divine Deities and recognize the truth of what they do and how they manipulate the public, by helping others and sharing their fortunes, they can turn their lives around. Only if they are honest in their souls. Many will not, yet many will.

We recognize the dilemma of those still asleep who are not comfortable with any kind of change. They want to stay on the old timeline of illusion that censors truth by the media daily. Many say, "It's easier to believe the lies. Who cares about the truth? Doing inner-self work is too hard."

It brings sadness to our hearts to hear this. Even after many chances they have been given to turn to the truth, they prefer the lies they are told and remain stuck in their old ways, old beliefs, old behavior.

We can only say to our beloved friends and family that we can just bless them and let them go, realizing how difficult this is for our light beings and how much they want to see their close ones come to the light. We all learn we cannot do it for them, nor expect them to do what we want. This is a free will planet and they have free will to choose their path. We send them blessings and love for their journey.

We honor you for all you have done in the healing process. Know I am here with you. I gift you with the new Timeline of Light that will guide you into Ascension.
