But more than all that  
Fae loved to help out.  
She always pitched in  
as she traveled about.

A whimsical illustration of a magical forest at night. A large, glowing full moon hangs in a dark blue sky filled with stars and fireflies. In the foreground, a fairy with large, translucent wings and a purple dress lies on a log, her head resting on a basket of flowers. To her left, a small table made of a purple mushroom holds a white cup of tea on a saucer. The forest is lush with green foliage, and a dragonfly is seen flying near the top left. The overall atmosphere is dreamlike and serene.

Dandy's leaves unfurled  
to feel the soft breeze.  
But at night Dandy closed  
to stay warm and not freeze.

And together they dreamed  
of places to see  
of stars and the moon  
and of friendship with tea.

A vibrant, fantastical landscape. In the center, a waterfall cascades down a rocky cliff, with a rainbow arching across it. Two geese are flying in the sky above the waterfall. On the left, a fairy with purple wings and a floral crown sits on a tree branch. The foreground is filled with lush greenery, pink flowers, and a red mushroom with white spots. The background shows a misty mountain range.

As time passed on  
Fae's adventures were great.  
But Dandy stayed put and  
felt tied to its fate.

"I wish I could fly  
and make wishes come true!  
I wish I could help  
and be more like you!"  
said Dandy to Fae.

# Letter to Reader

Dear Reader,

Growing up chasing gnomes through the pristine rainforest of the Pacific Northwest. I came to believe in fairies. They're REAL! My mother and I created tea parties for big people and for little people.

Since then, I met my Faerie Godmother, Ariel, and remembered that I'm actually a mermaid. I was born with a terrible disability - legs! Luckily, I've fastened a prosthetic tail for myself to swim in the ocean.

Now, people ask me "Are mermaids real?" and I say, "Way more real than lawyers." You see, I'm also a lawyer. I'm actually a merlawyer. As a magical being, I live in a world where anything is possible.

The idea of this book was revealed to me by a dandelion during a 20 minute conversation in Ashland, Oregon. Later at 33 thousand feet I flew above the Pacific on my way home to Hawaii. 33 rhyming stanzas emerged in three hours. This book was born.

May all our creative ventures be birthed so magically...if we would simply stop long enough to listen.

Delightfully,

Vyana
