## INTRODUCTION

The mysteries of Eden will be discovered by the overcoming end-time generation, who will understand His glory Light. They desire not the light of stages or platforms, for they are emerging in the Light of the Lamb, in tune with the value of restored Eden and the Light of God, which empowers the garden.

The prophet Daniel prophesied that a generation would come in the final days who would understand the brightness of His appearing and would eternally shine like the radiant expanse of heaven, leading many to righteousness. Daniel was instructed to seal his prophecy until the end of time for a specific generation that would access the mind of God's Spirit and increase in the knowledge of God and the true nature of His name. (Daniel 12:3-4) The fullness of time has come for the demonstration of glory that Daniel prophesied. Hidden truths that have been set apart are now being revealed to a chosen remnant; truth that spans beyond this realm and introduces mysteries of the Kingdom age and beyond. These mysteries are preparing the bride for His return and the fulfillment of our eternal purpose in Him.

According to Revelation 1:8, 21:6, and 22:13, the Lord is the Alpha and the Omega, the beginning and the end, who was, and is, and is to come. He will reveal His power in a distinct way at the end of the age, as Omega, which will differ from His initial manifestation in the beginning as Alpha. The champions of the last days are the Omega generation, foreknown and predestined to participate in the Lord's Omega plans when they fully

embrace their identity in Christ as He reveals Himself as Omega.

The Omega people hold fast to His name and understand His nature in the last days and express His glory Light amidst a dark and wicked era. Drawing from His attributes, they will fulfill over 2,000 end-of-the-age Bible prophecies dealing with Omega, the future age, and beyond. They are called for this purpose to usher in the end-time harvest and introduce the coming age, and to transition the bride into the next phase of our eternal purpose in God.

Revelation 20 explains the future age and the events that precede it. This epoch is a one-thousand-year reign of Christ, during which priests of God will reign with Him for a thousand years in the restored Eden. The serpent will not be in the garden but will be sealed into an abyss, unable to deceive the people. The dragon, the serpent of old, who is the devil and Satan, is bound for one thousand years. During this age, the nations will resort to Christ the Lord, who stands as a signal flag and a resting place for the people. The sevenfold nature of God is the standard in the garden, and His Spirit will rest upon the people. The Spirit of wisdom and understanding, the Spirit of Counsel and Strength, the Spirit of Knowledge, and the Fear of the Lord. And the people will walk in the Light of God (Isaiah 11).

Although the millennial kingdom takes place in a different era, Hebrews 6:5 clearly indicates that some from this generation will taste God's Word and experience His power in the restored garden of Eden, which is the future age. This is a privilege of the overcomers who are partakers of the Bread of Life by the

Spirit of God. As forerunners, they draw from the future age and prophecy the new day for the reaping of the harvest and preparation of the bride for His appearing. They encompass Restored Eden and walk with God in glorious realms, discovering the power of his energy.

The life of Omega that now is and the life in the coming epoch are the profit of godly living (1 Timothy 4:8). Vibrant life and light consume the restored garden and are accessible to those who walk with God. It is this energy that fuels the Omega generation as they taste the good Word of God and the powers of the age to come.

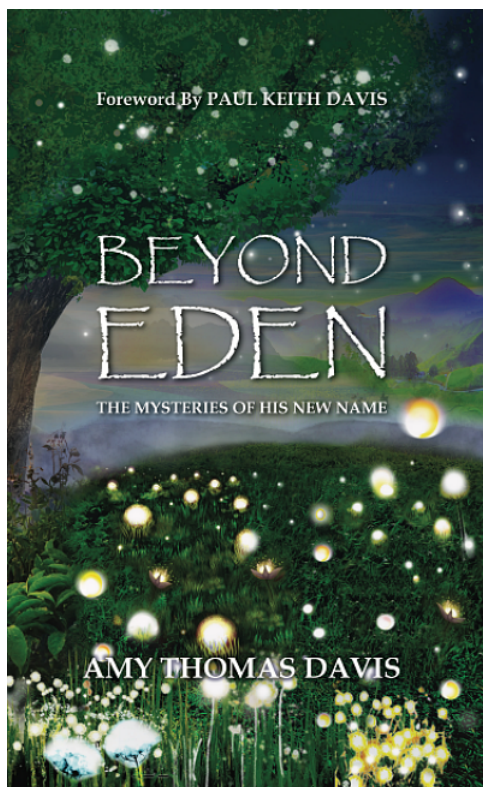

Eden is a place of order and holy conduct, where the sons of God and all creation live in concord and dwell amongst the God of nations. The Omega generation who lives on the earth in the final age has been permitted access to this realm for equipping and to receive the nourishment from the light of God to withstand the darkest days of humanity.

We are living in Omega time; it is imperative that we understand the environment of the last days and the intensity of the spiritual conflict to overcome the spirit of the age and receive our inheritance in Christ. As the Omega generation, we will partake of His Word and experience His power through the indwelling of His presence to make known His manifold wisdom to the principalities and powers that manifest in the dark world. This responsibility is an integral part of our eternal purpose in Christ and is accomplished through divine cooperation and in fellowship with God.

There has been a gradual increase of knowledge throughout the ages, through the heroes of the faith who await the empowerment of our generation, so that we may all be made perfect. We no longer identify with the hopelessness of the religion of previous eras; it is the fullness of time for the Omega generation to emerge in the true knowledge of God and opportunely draw from the fruit of the land.

In this book, *Beyond Eden: The Mysteries of His New Name*, we will delve into complex questions and expose previously hidden truths that God has reserved for this generation to equip us to overcome the spirit of the age and fulfill our eternal purpose in Him. We can no longer remain in ignorance regarding the culture of this age and the darkness that covers the Earth. The Spirit of the Lord calls the sons of God to overcome the spirit of the age by the Spirit of Truth. Those who align with the spiritual truth of this book will embark on a journey into Restored Eden and beyond, to experience the Light of the Lord, prayerfully encountering Him to be equipped to fulfill the divine destiny of the bride.
