*Beloved*

Life's End

Beloved I would grow old  
Standing next to you  
Each day enjoyed anew

Our love shines forth  
As you enter the room  
Driving away sadness' doom

Looming in your sight  
Even life's challenges are pleasure  
Knowing I you treasure

Mortality offers no fear  
With your hand in mine  
You've made life sublime

*Beloved*

Growing Old

Beloved we shain't grow old alone  
Planted is our seed of future  
Aging gathers love sown  
Our friendship is solitudes cure

We've much to give, to share  
Nurtured by Pan's flute  
Each other to hold and care  
Love has taken root

We shain't grow old alone  
Life's flower will bloom  
Our love has grown  
Sealing loneliness' doom

Beloved is a collection of lighthearted poetry of love and life.
