INTRODUCTION

I am the host of the local TV series *Niagara's Most Haunted*, now in its second season. I created the series based on my factual book of the same name *Niagara's Most Haunted: Legends and Myths*. I live in one of the most beautiful places in the entire world--The Niagara Region. Sure it boasts being the home to one of the most amazing wonders of the world. It has some of the most eye-popping scenery, both naturally created and man-made as well. It is also the home of the most historical, bloody battles in North America history, the War of 1812. Some experts in the field of paranormal research, ghost investigation, and pseudo-psychological research claim that the Niagara Region is a hot bed for paranormal and haunted activities. Furthermore, some claim that Niagara on the Lake is the most haunted town in North America! Is it any wonder people come to try and see ghosts on the many "ghost walks" made available for the curious?

I have been asked many times as to whether or not I believe or disbelieve. Often times I sit on the fence and answer, "I don't know!" I know, I am a coward perhaps more so when it comes to me answering questions about my beliefs on ghosts versus actually going to these "haunted" places, which I might add is very fun! I must admit, being a "man of science" and "needing to see it to believe it" when it comes to this stuff, I have actually learned a lot about things that supposedly go "bump in the night" through filming this series.

My production team and I have gone through many "haunted" places and have been fortunate to interview some really cool, interesting, and informed people. After all, when you have so many historical sites linked to the War of 1812, there is a lot of "history" linked to these sites and of course...ghost stories! If you read my *book Niagara's Most Haunted: Legends and Myths*, you will be informed, entertained, and enlightened...very enlightened!

PARANORMAL NIAGARA

This is a different book you are about to read as it focuses on several unique, bizarre stories/cases that have haunted the Niagara Region for many decades. These stories are not the popular War of 1812 haunted location variety, rather they are the ones "shrouded" in secrecy, or have details missing, inconclusive outcomes, or no one is talking. I hope you will enjoy reading this fun little book as it was very fun writing it!
