THE RELIC CHRONICLES: BOOK TWO

EMMA BRAND

Dawn light shattered through the pane glass behind Luce as Damon's cock entered him, his mate pressing him down into the mattress, the full glorious length of him sinking deeper, deeper, until he was buried fully in Luce, Damon's pulse drumming into him from within, his raw spikes of half-formed thought spearing into Luce's mind. The way they fit together was as familiar as his own breathing, as necessary as oxygen. When Damon began moving, Luce nearly choked on his sob. He *needed* this, no longer existed without this, was not whole without this submission. His fingernails bit into Damon's back, earning him a satisfied growl.

Luce led Damon up towards the loft, their footfalls echoing in the dark stairwell. He stepped onto the second landing, grabbing the handrail to swing himself around and onto the next flight.

Without warning, Damon tackled him, pinning him to the cold brick. He inhaled sharply as Damon's breath washed over the skin of his neck. Instinctively, his head fell back to bare his throat, Damon's consciousness surging through his, their physical contact allowing him deeper access. Luce whimpered as Damon rutted against him, his erection evident through the two thin layers of fabric that separated them.

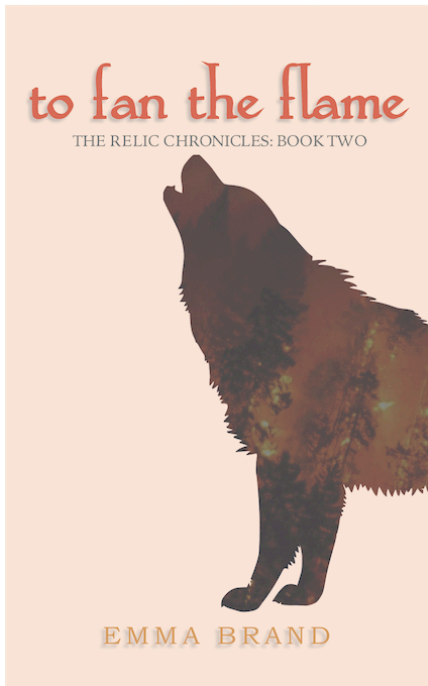

Within the confines of their intermingled mind, Damon forced down on Luce, his dominance pushing against him none too gently. Luce craved the pressure, slipping mentally into place below him with an easy grace. Damon's fingers slid along the rim of Luce's hips,

dipping down into the front of his waistband. Luce struggled for breath as fingers wrapped around his dick, pulling slowly along his length.

Bed, Damon managed to procure from the tangle of his racing thoughts—strobic images of Luce laid out on the mattress, Damon's tongue tracing his contours; Luce on his knees, Damon fucking into the tightness of his throat—

Luce nodded hazily, having been half-expecting for Damon to take him right there in the stairwell. But he let Damon haul him up the remaining steps to the loft, his eyes locking hungrily on the powerful roll of Damon's bare shoulders as he threw the door open.

Luce blinked as Damon disappeared, melting into the darkness of the open space. He stepped into the loft hesitantly, his eyes stretched wide as he strained to see. As he wandered toward the bed, turning in a circle to examine the room and its shadowy smears of furniture, he had the distinct feeling that he was now prey. Luce could still sense Damon's closeness, but he couldn't tell exactly where he was, disoriented in the blackness, his mind still addled with lust—

With Damon and Luce still deep in the bonding heat, they have a hard time keeping their hands to themselves, no matter where they are. But, when danger comes to Relic, will they be ready to cope with the fallout?
