TENURE

EMMA BRAND

I smile to myself as I take in the scene. *My* Erin, legs spread wide and breasts bared, pleasuring herself in the middle of my empty lecture hall, where I had been teaching a class not moments before. A class full of students who have no idea that one among their number is bound to me, that if I said the word, would likely fall to her knees at my feet, no matter who was watching. I knew she would, and I knew she trusted me not to ask her to. Still, I like to remind her that I could, perhaps to keep her a little afraid that I might someday do just that.

Tenure, *n.* the act, right, manner, or term of holding something (such as a landed property, a position, or an office)

—*Merriam-Webster*

Chapter 1

She walks in on the first day of class and I almost spit out my coffee.

She sits down in the middle of the front row of the small lecture hall, directly in the center of my field of vision. It is impossible not to look at her. The way her slender waist leads down into the waistband of her tartan skirt, which lands on her thigh at *almost* an inappropriate level. She sinks down fluidly, her hands smoothing her skirt flat against the back of her legs as she slips into the chair.

I have to lecture from behind the podium, instead of roaming the front of the room as I usually do. I can't stop my gaze from drifting to her mouth, over and over. She keeps biting her lip as she takes notes.

That is the thing that pushes me over the edge an hour later, my mouth open in a silent scream in the men's bathroom; the thing that makes me orgasm for the first time in months.

What happens when a college professor finds himself obsessed with one of his students? And what if the student herself finds she craves the attention? Their only solution is to give in...
