**or from your favorite neighborhood  
or online bookstore.**

A photograph of a rocky stream flowing through a forest. The water is white and turbulent as it cascades over dark, jagged rocks. The surrounding forest floor is covered in fallen leaves and moss. The title 'HUMANOIDS OBSESSION' is overlaid in large, bold, orange letters with a slight shadow effect.

## **THE KINGDOM OF HELL**

### **ACT ONE**

All isn't well time won't tell

The outlook is dim

Rotten's the password

Cover- up the go ahead sign

Everyone acts in love

Yet no one admits to the fall

Except as fable!

No one really cares for anyone

Unselfishly!

Check the signposts

Welcome to the kingdom of hell

On planet Earth!

Snide remarks/ Rude put-ons / Curses

Bad food / dejected moods / bubblegum fun

Cartoon entertainment animal magnetism

Homeless brave new wave rave

Poverty / burning /murders/abnormalities common

None care nor dare understand positivity

Disgusted untrusted merely existing

In this low ebbed state of statelessness

### WISHING FOR HOPE

Children are reared to respect capital

And all its accoutrements

Grouped as tribes they begrudgingly survive

Scared / Ignorant / Repulsive

Dream chaser / Myth makers / Killers

Lacking intuition people rely on sensationalism

Tall tales bold face fabrications

Individually oriented in the animal tradition

Dog eat dog step on trample backstab

Educated to uphold enforce authoritative

Dated rules laws with attitudes!

Child molestation rape genocide suicides

High and low crime sexual abuse

Drunkenness massive worldwide drug intake

Perpetual mass destruction

Intentional communication breakdowns

International concepts of government control

Orchestrated dark power influence

Religious propaganda keeps it all in kilter

Dominated by force / led like a pied piper

People unwittingly follow...

Games gimmicks massive hype

Keeps one eager to be used abused

In ocean / out of sky / off buildings

People recant adventures of falling ... the past state

Once angelic rising...

Now deflated earth prisoners

From a mix we got our fix  
Now frozen in time  
Chained to thought patterns antiquated  
Stagnated debating

FATE

TRUTH

PEACE

CONCEPTS

To alter for means civil and psychological....

Inventing dissecting hit and miss  
Research and development  
Experiencing experimenting as factual fiction  
Converging mistakes repeating catastrophes  
While donning rose colored glasses  
Think tanks fathom ways classed clever  
Pulling the wool even further  
Over heavy sleep laden eyes

*HUMANOIDS OBSESSION*

Welcome pilgrim

The bottomless abyss the endless fall

Ever encroaching Darkness

Now locked into choice human existence

Animalistic ambivalence no exits

This putrid stance the legacy of demon angels

What the hell...go to hell... hell no...hell's angels

That's a hell of an attitude dude...the devil's gonna get ya

Daily references to your present locality

Prisoners in captivating hellish atmosphere on Earth

There are even other hellish worlds

Individualism stifles castrates

Competition instead of cooperation

Keeps the living dead to benevolence

Instead stagnation embellishes ones demeanor

The domain of hell is for losers quitters

Shoulder the responsibility

Open to ultimate knowledge

Recede from artificial intelligence

Or remain hell bound without voice

To repent is an arduous uphill trek

Looking back yearning to return / to a seemingly easier life

The mind games of infinite reincarnation

## **ACT TWO**

Fire and brimstone preachers

Missionaries bent on righteous change

Priest holier than thou lost in prayer

Rabbis rabid on old ways

All tied to tradition and rituals

Some with flights of fantasy

Golden stairs holy virgin bejeweled kings...

This the liturgical leadership in material hellishness

Which is your present state of fate to tolerate

Deny these false ones stature / offer them a deaf ear

A frozen cold stare / they know not salvation

Look inward examine yourself

Realize you have the answer

You're the questioner

Beings in outer space classified aliens

Lose their helpful haste

When eyeballing our bizarre pathetic pace

Rainbow chasers high on chance we dance

To melodies lost rhythms encased in doubt

Venomous snakes forked tongues

Twisted tales dark secrets

Mark your arrival...

Stealing lying murdering

Are regulated rules of thumb...

Most are numb dumb with false knowledge

Inflated egos poverty live together

Everyone looking for their take

In this odd house of cards

Neon lights the night mysterious

Fridget abstract foreboding

Farms raise chemical enhanced food

For a chronic dying population

The profit syndrome begs for methods

That contaminate with short cuts

The natural here on planet Earth is

Squeezed teased until it wheezes

Diversified brain control mass hallucination

Treachery chicanery welcome to the

Kingdom of Hell...

Those who hold malice against Creation  
Follow blind power hungry leaders  
Who scheme shamelessly trying to invent reality  
The kingdom was doomed at inception  
So the planner founders were followers who believe it

Victims of evil unwise deeds  
Nestled betwixt time space  
Mesmerized hypnotized entrained  
Amid vast loftiness  
Calling solely on negative energy  
Relying on creature comforts  
Spinning in black space

Not knowing the combination  
To ease the dilemma inventive hatefulness  
Denial cast blame fault ignorance  
People live in stupendous stupidity

Weird maladies run amuck  
Planetary holocaust shadows of shame  
Some live in grand wealth with vigor  
Abundant food fabulous frills  
Mansions Palaces Castles Space Stations

The kingdom of hell is a spell  
The kingdom of hell is a spell...

Cursed humanity adores violence  
Satan Caligata Lucifer leapt low  
To humans existence to experiment  
Invent civilizations incorporating  
Greed and ego seeds  
Cutthroat tactics material gain  
Blood stain savages their hallmark

They disallowed the golden rule

Inventing the holy ten to ignore

Lawless laws wonton sexuality

Broken promises the normal observance

Driving human people deeper

Into degradations den of temptation

Animal nature doesn't mix well

Twisted tainted angelic essence

Combines as lustful cunning scum...

The logical final specimen

Fe    Fi    Fo    Fun

I smell the stench

of the fallen ones...

Shock Treated

Trapped in gravity's time wrap

Blindly theorizing destructive modified behavior

Mental acuity is lost without essential

Light of pure Creative divineness

Ridiculously hypnotized to animal presence

The fallen elite continue the downward spiral

This fate their collective selected will

Alternative selection by design, amid thought probes

Sensory overload losing the sense of self awareness

Humankind must reverse

This downward plunge . . . level out

Beginning the ultimate rise

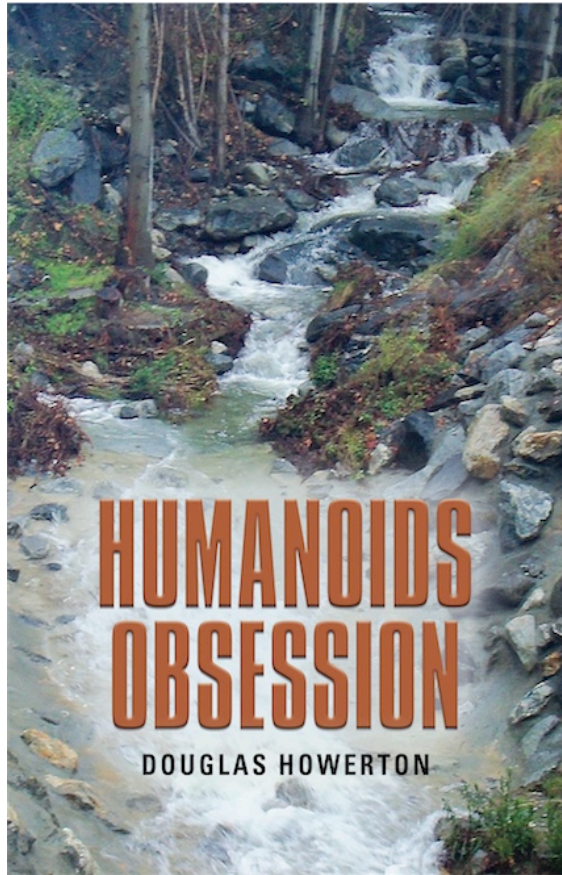

Realize existence is tangible reality

Move into that light energy direction!...

REMEMBERING the kingdom of hell is a vexing spell

THE KINGDOM OF HELL IS A POWERFUL SPELL

THE KINGDOM OF HELL IS A BEGUILING SPELL

*Metaphysical poetry and prose laced together with quotes that Shakespeare would love transitioning in to well crafted esoteric short stories in the mold of Ray Bradbury.*
